

New Alpine Valleys Discussion Group, EOI

setting a solid base for your dairy career

If you are a Farmer or Service Provider in North East Victoria with the desire to gain foundation skills and knowledge, or increase industry and peer contacts then we encouraged you to join.

This is your opportunity to participate in a new discussion group with a firm focus on setting you on the right track with in the dairy industry.

The group will complement the work of established discussion groups allowing participants to maintain their participation in an existing group if they wish. Topics covered are all focused on getting the important foundation principles right.

Topics that will be covered include (but are not limited to)

- Grazing, Fodder Conservation, Crop Selection, Fertilizer Use
- Cow Nutrition, Fertility, Health
- Farm Layout, Herd Size, Calving Pattern
- Farm Business Management
- People Management, Safety
